## Education

**Vasireddy Venkatadri Institute Of Technology**

*Bachelor of Science in Computer Science*

**June. 2020 – April. 2024**

*Guntur, Andhra Pradesh*

## Relevant Coursework

- Data Structures
- Database Management
- Web Development
- Operating System
- OOP
- Computer Networks

## Projects

**WeatherApp** | *ReactJs, CSS*

**gitlink January 2022**

- Developed a WeatherApp using React.js, JavaScript, and Axios for API integration, showcasing strong proficiency in front-end development technologies.
- Successfully integrated the OpenWeatherMap API to provide real-time weather data, demonstrating problem-solving skills and competence in API integration.
- Designed a user-friendly and responsive interface for the WeatherApp, and used intuitive weather condition icons for a seamless user experience.

**AgeCalculator** | *HTML, CSS, JavaScript*

**gitlink August 2022**

- Created a web-based Age Calculator application by harnessing the power of HTML, CSS, and JavaScript.
- Designed and implemented an aesthetically pleasing user interface for the Age Calculator, incorporating responsive design principles to optimize user experience across different devices.
- Implemented interactive features in JavaScript to calculate and display a user's age accurately, taking into account date of birth input and the current date.

**Text-To-Speech** | *HTML, CSS, JavaScript*

**gitlink January 2023**

- Developed a Text-to-Speech web application using HTML, CSS, and JavaScript, leveraging the Web Speech API to enable voice synthesis, showcasing a strong command of front-end web development technologies.
- Designed an intuitive and accessible user interface for the Text-to-Speech application, prioritizing user experience and making it inclusive for all users.
- Implemented dynamic text-to-speech functionality in JavaScript, enabling users to convert written text into speech, with additional features like voice selection and playback speed control.

## Technical Skills

**Languages:** Python, Java, C, SQL, HTML/CSS, JavaScript, React, Expressjs, Nodejs, MongoDB

**Developer Tools:** VS Code

**Technologies/Frameworks:** Git, GitHub

## Certificates

- HTML, CSS and Python
- Learn JavaScript
- React-complete developer
- Python Basics
- Python Classes and Inheritance
- Python Functions, Files and Dictionaries
- Data Collection and Processing with Python
- C Programming
- SQL

## Courses

- Programming in Java - NPTEL
